

WORKSHOP OVERVIEW: CREATIVE'S GUIDE TO MARKETING

Many creatives hate the idea of selling, but what if marketing could be more than impersonal hustle? How about a strategic approach that focuses on people first?

Marketing is one of the most despised and least understood aspects of running a creative business or working in the arts. Most creatives hate to sell and would rather be making than hustling. However, there is a simple solution to making marketing more palatable – take out the sales and focus on the strategy. The *Creative's Guide to Marketing* workshop shares a simple six-step marketing approach that has been designed to take the pain out of promotion.

Participants will learn all the following, with a focus on arts practice and creative industries:

- + Re-imagining traditional marketing in a way that makes sense for creativity and the arts.
- + Getting the foundational elements of "YOU" marketing right, without the terror of a deadline.
- + Understating the breadth of our 'customers', from clients to funding bodies to audience.
- + Knowing and learning from our peers, and from word-of-mouth.
- + Choosing the best digital and 'old school' tactics to help achieve your marketing goals.

More resources and templates will also be provided to help create a marketing action plan. This workshop has been designed *by creatives for creatives* and includes ideas for 'homework'.

What do I get? All participants of this workshop also receive:

- + Lifetime access to a Dropbox folder jam-packed with additional resources and helpful links,
- + A Marketing Plan Template and Action Plane Template to assist with future marketing,
- + Access to additional free webinars to supplement the material covered in the workshop,
- + The possibility of further one-to-one business advice, mentoring and support from one of our creative industries business specialist advisors. We have a whole team ready to help!

WORKSHOP TESTIMONIALS

A few words from our happy clients

Creative Plus Business workshops have been extremely well received by established artists, up and coming artists and the local community. It has been evident through many comments how these workshops have been thorough, presented in the most professional manner and very well organised. It has been a great way to develop and build the capacity of our local creative/business community. 97% of surveyed participants learned something new and helpful for their career, 92% rated the workshops as excellent, and 97% would recommend to others.

Youssef Zumut, Community Development Officer, Ryde City Council

The Creative Business and Career Planning workshops were the most successful of all workshops offered for the Professional Practice Masters subject in 2021 at AFTRS. The students messaged me during the workshops to tell me how much they were enjoying Monica's class and asked for more of this sort of material. One student wrote afterwards that Monica made difficult concepts easy to understand and promoted self-efficacy which they found motivating and inspiring.

Dr. Marty Murphy, Senior Lecturer, Master of Arts Screen, AFTRS

From our first email correspondence Creative Plus Business delivered a service that was warm, pragmatic and efficient. They quickly recognised our specific needs and tailored a programme to suit. Monica and the team delivered above and beyond what was promised. Participants started implementing the tools and strategies immediately and I have no doubt that the learnings taken from the workshop series will be transformational for this cohort of freelancers and business operators.

Abi Binning, Executive Director at Wide Angle Tasmania

The design of the creative industries business education program was tailored in such a way to allow engagement from a broad audience... The feedback from participants thus far has been very positive with all participants who have completed a post-course evaluation stating that 'their professional practice capability has increased'. The internal feedback relating to the course subject matter and design has been extremely positive and we would have no hesitation engaging Creative Plus Business for future work where relevant.

Danielle Phyland – Coordinator, Economic Development & Tourism, Nillumbik Shire Council

Some of the highlights working with Creative Plus Business was the level of expertise and comprehensive approach into our new devised project. Monica Davidson and her team have great knowledge and was quite versatile in navigating barriers around language, culture and the intrinsic environment of the Arts sector in Australia.

Laura Luna – Arts and Culture Manager, Settlement Services International

From start to finish our dealings with Creative Plus Business were easy and reliable, and the workshops were outstanding ... I was very impressed by the excellent feedback received and reassured that programming the workshops into our events calendar is an incredibly safe investment in building the strength of the creative economy of our region.

Alison Vandenberg, Economic Development Officer, Bega Valley Council

MEET THE TEAM

Our Founder – Monica Davidson

Monica Davidson is the founder of Creative Plus Business and an award-winning expert on the creative industries. Monica began her professional life as a freelance filmmaker, writer and performer. Her experience highlighted how unprepared creative people can be for the realities of running a small business. After informally helping other creatives with advice and education, she ratified her experience by completing a Masters Degree in Screen Arts and Business at AFTRS in 2013. The same year Monica was named by the NSW Small Business Commissioner as Australia's first Creative Industries Business Advisor, where she consulted on government policy and helped implement creative business supports. Monica founded Creative Plus Business in 2016 to continue this work, and since its inception the social enterprise has grown to help thousands of individual practitioners to develop all aspects of their creative businesses. Monica was listed in the AFR 100 Women of Influence for her work, and in 2019 she received the inaugural Creative Trailblazer Award from QUT. She is also a 2020 AMP Foundation Tomorrow Maker, and a regular finalist in the City of Sydney Business Excellence Awards. In addition to her role as Doyenne of C+B, Monica continues her work as a filmmaker and writer, releasing her feature documentary *Handbag* on SBS Viceland and On Demand in 2023.
